

Just How Amazing is Grace

Galatians 2:15-21

Grace is amazing ... it changes everything!

What can I do?

Works of the Law

The example of circumcision and its appeal.

Working at the wrong end of the relationship

What has Christ done?

It matters where you start!

Grace is not a thing God gives. Grace is God's self-giving.

Grace is the unmerited and unconditional way in which God has made and continues to make God's move toward humanity.

No middle ground where God does God's part and humans do their part.

Grace evokes faith.

Faith is a response to grace.

Luke 7:36-8:3 (The Pharisee and the Woman)

Grace evokes faith which leads to love

Echo the community of the Father, Son and Holy Spirit.
